Session Rules

Chairs: The length of each session is one hour and forty-five minutes and four papers have been assigned in most sessions. This allows approximately 15 minutes for each paper presenter, 5-7 minutes for each discussant, and about 5 minutes for questions from the audience. Chairs presiding in sessions that have been assigned two or three papers should adjust the maximum time available to presenters, discussants, and audience accordingly.

Presenters: In order for all presenters and discussants to have adequate session time, it is important for presenters to confine their presentation to the length of time announced by the session chair at the beginning of the session. Please, do not be offended if the chair politely reminds you to finish your presentation.

Discussants: It is the discussant's responsibility to appraise the work of the paper presenter and to offer constructive criticism where appropriate. Please consider the age and experience of the presenter when making your comments. Some of the presenters may be undergraduate or graduate students who are attending their first meeting. Also, do not feel obligated to use the entire time. If you wish, you may open the discussion of the paper to the other participants in the session and the audience.

Thanks: Thanks to all contributors, discussants and chairs for making a successful program.

The *Journal of Economics* is published bi-annually by the Missouri Valley Economic Association and is printed in Cedar Falls, Iowa. It is indexed by the *EconLit*, *e-JEL*, and *JEL on CD*, *Sociological Abstracts*, and *Academic Search*. In addition, the Missouri Valley Economic Association has entered into an electronic licensing relationship with EBSCO Publishing. The full text of the *Journal of Economics* can be found on EBSCO Publishing's databases. In general, articles submitted to the editor first must have been presented at an annual meeting of the MVEA, held in late fall (In Fall 2014 it was in St. Louis,

Missouri, October 23-25).

Presented articles have a submission fee of \$25. In addition, the editor may accept a limited number of manuscripts not presented at the meeting. All such manuscripts have a submission fee of \$50 and are subject to the usual refereeing process. Authors may, with no submission fee, submit a comment with regard to an article already published in the *Journal* or a short note. These should be narrowly focused pieces, not in excess of 2,000 words, which make some particularly salient point(s). Address correspondence about editorial matters and submit three hard copies of manuscripts to David R. Hakes, Editor, Department of Economics, University of Northern Iowa, Cedar Falls, IA 50614-0129 or e-mail david.hakes@uni.edu.

Memberships in the Association are on a calendar year basis and include the *Journal* for that year. Personal memberships are available to individuals at dues of \$40 per year. Institutional memberships are \$100 per year. Continuing orders are accepted.
